CLAP-TECH Pathway
Teaching and Learning Subcommittee

Terms of Reference

1. Advise on the development of the curriculum of the programmes and courses to ensure academic rigor and to meet the needs of the Information and Communication Technology (ICT) industry.

2. Assess the adequacy of the course materials, teaching and learning methods and assessment components and advise on the quality of the students' learning experience for continuous improvement.

3. Recommend to the Project Management Committee elements of best practice to enhance the quality of teaching and learning and provide support and feedback for the independent evaluation.

4. Discuss and arrange company visits, mentorship, internship, job interview opportunities and other student engagement activities for all students and help to promote CLAP-TECH Pathway among interested students.

5. Establish a communication platform for constructive engagement of the key stakeholders to increase the awareness of CLAP-TECH Pathway and its related activities.

6. Collect relevant information to measure the effectiveness of the mentorship and internship experience for students and recommend measures for future improvement.
