

**CLAP-TECH Pathway**  
**Project Management Committee**

**Terms of Reference**

1. Define and identify tasks, activities and processes and monitor progress to ensure accomplishment of the goals of CLAP-TECH Pathway.
2. Give advice to sub-committees where appropriate to ensure alignment across sub-committee and consistent cross disciplinary collaborative approach to delivery of programme.
3. Identify and evaluate potential risk and opportunities and advice respective sub-committee to make suitable adjustment in intervention to ensure pathway success.
4. Monitor and contribute to the in-house evaluation of the project and endorse its progress and evaluation reports.
5. Monitor the progress of the independent evaluation and provide support when necessary.
6. Facilitate cross learning and knowledge exchange between stakeholders (secondary schools, university and industry partners) through the implementation of CLAP-TECH Pathway.
7. Provide support to the Advisory Committee on the future expansion and development of the various tracks in CLAP-TECH Pathway.
8. Perform any other functions in relation to CLAP-TECH Pathway as may be advised by the Advisory Committee.
